Material Requirements

Digital: Supply ads in PDF format, "press optimized" with fonts included. Also acceptable are EPS files with fonts converted to outline, and TIFF files. Please ensure that all images are at a resolution of 300 dpi at full size and are either CMYK or greyscale. Line art and text must be 1200 dpi. We can also accept Macintosh-formatted files created with Adobe InDesign, Photoshop and Illustrator, and Quark XPress 6.0.

File Transfer: Please supply a black and white or colour proof. When emailing files, please compress them to reduce file size and fax a copy of the ad. Size changes, resetting, reformatting and/or corrections will be charged to the advertiser.

Note: One proof is included with production changes; charges will apply to additional proofs.
